

MUKAMI'S STORY

By Martha

My name is Martha. I am in class 6. I like playing hide and seek and football. I like reading novels and Magic Treehouse books. I like English so much. I am in class 6 and 11 years old. My birthday is on December 10. I have a Mom but not a dad, my dad died when I was 2 years old. When I grow up I want to be an actor or lawyer. Make sure to change this country. I like India, Philippines, USA and those countries and will make sure I visit them when I grow up. I came to By Grace in 2003. I stayed there and learnt more in life challenge and temptation.

My best actor is Rymon Rilombery and my best actress is Angelica. My best friend was Eunice but she went for good. Now my best friend is Veronica Nyambura. I like to be social friendly and loving. Veronica is in class 6 and is my best friend because she advises me when I need advice, she makes me laugh when

I am sad. She is 11 years old, the same as me and Veronica's birthday is December 10. I really love her so much like my own sister. I have two brothers, one Willie who is in university and the other one finished his national exams this year.

I have one sister who has finished her primary exams too. I like my family very much because when I need anything they are there for me and they take good care of me. Actually we have six in our family and I'm the last born so everyone in our family loves me even my aunt. My uncle tells me to work hard so that I can finish my examinations and so that I can go to university and be a hard-working lady. I love myself so much and don't want to be useless in mine and my family's life because I want to help them with what they want.

MUKAMI'S CHALLENGES

There once was a girl called Mukami who is very beautiful. Her mother was sick for two years with cancer and if she could not get her treatment she would die. Mukami's friends advised her to be a prostitute but she cannot do such a thing because she looks to God and her mother always advised her not to be one.

After some time her mother's condition started getting worse and Mukami didn't have any choice but to be a prostitute. A few days past, Mukami, had already made up her mind to be a prostitute so that she could take

care of her mother in the hospital to get her treated. The first day she went to have an interview so the next day she could start work.

The boss of the work was there and told Mukami that she was not qualified to enter the job because she was too true about her doubt.

They all forgive the man even if it took time at least they lived happily ever after.
