

# MY WONDERFUL DAY

**By Lydia**

---

My wonderful day is when Emily comes to By Grace. When I first meet her, suddenly a smile appears on my face and I feel very happy. I feel as though God has sent me his angel, tonight I sleep with joy in my heart. "Why am I feeling like this?", I ask myself. That night I slept very comfortably. Each and every day, we see her beautiful smile on her face and a beautiful smile appears on my face. I like Emily's hugs and kisses, she was the first white person for me to love. I love her and she loves me too very much. I think I will spend with her the days of my life and we will be happy being together. When she was leaving to go back to America, tears fall on my cheeks and I felt very sad. I thank God for giving me such a nice person and up until now she is still in my heart.
